***Amadeus only: "Hotel Security Plus" program eliminates the need for your hotel chain to update your Internova Travel Group table each time a new Amadeus office joins or leaves the Internova Travel Group program(s). For "Hotel Security Plus" to work, your hotel chain must release security of your Internova Travel Group table to Internova Travel Group. Please release security for the following Internova Travel Group controlled rate names and rate codes to Internova Travel Group master Amadeus office ID. If you have already released security of your Travel Leaders Group able to us, you do not need to repeat this process.**

2022 SELECT RATE LOADING INSTRUCTIONS CONT.

STEP 1:

Follow the instructions in the chart for each GDS. See additional comments for Amadeus rate loading below. Please load now through 12/31/2022. Rates must be loaded in the GDS under the category: **N-NEGOTIATED**.

Code Name	Rate Code	Travel Leaders Amadeus Office ID
Internova SELECT Program	TZE	MSP6N2100
ALTOUR SELECT	YHC	NYC1S21DX

IMPORTANT NOTE: Please make sure to load the rate correctly for ALL programs in ALL GDS systems, especially AMADEUS as it feeds our online booking tool, pinSIGHT, used by non-GDS booking advisors.

STEP 2:

Please ensure:

- All rates loaded are at parity with, or lower, than competing programs such as Virtuoso and Signature
- All of your SELECT amenities are listed in the GDS:
 - Complimentary breakfast for two daily (Please note specific type of breakfast offered, Buffet, Continental)
 - Your non-standard amenity valued at \$100 (be specific in your offering, i.e: \$100 resort credit, \$100 F&B credit)
 - Upgrade based upon availability at check-in
 - Early check-in and late check-out based upon availability
 - Complimentary in room Wi-Fi
 - Welcome amenity (if applicable)
- We understand some systems have a restricted amount of characters available for rate description, so please use abbreviations provided on page 3 to assist you with rate loading to ensure a full display of your SELECT offering. GDS clarity is the main component of success for bookings. For example:

STEP 3 :

Notify phone reservations, call center staff and in-house reservations of the SELECT Hotels & Resorts program rates and amenities that your property offers to ensure it is made available to our agencies calling directly to make bookings. It is possible that a Internova Travel Group advisor will call the hotel directly to book this rate.

It is the expectation for all rate codes to be loaded upon acceptance into the SELECT program.
